## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-6, 9-16, 18, and 19 are rejected under 35 U.S.C. 102(b) as being anticipated by Ament et al. (5,618,077).

Ament et al. discloses a vehicle mounting system. The mounting system has several locks.

A main lock (19) is biased by a spring in a direction perpendicular to the longitudinal direction of the vehicle. Secondary locks (81,85) are spring biased into a locking position that is perpendicular to the direction of the main lock (19). Secondary lock (85) moves in an arcuate direction. An actuator (46) controls the locks. The position of the actuator (46) indicates the locking condition of the mounting system. The springs block the locks as broadly claimed. The locks can move independently of each other. Each lock has its own guiding device. The locks engage recesses formed on the sidewall of a vehicle.

### *Allowable Subject Matter*

3. Claims 8, 17, 20, and 21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

*Conclusion*

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
